FOR IMMEDIATE RELEASE

MINDTECK COLLABORATING ON FDA-APPROVED MEDICAL DEVICE

Provides technology for award-winning medical device leader

Bengaluru, India – May 29, 2015: Mindteck (India) Limited (BSE: MINDTECK), a global technology company, has announced that it is engaging in a Remote Patient Monitoring project for a multinational corporation specializing in the design and manufacture of medical devices. The innovative, easy-to-use, FDA-approved device will be used to attend medical incidents from various locations and will enable doctors to provide immediate assistance from anywhere. Key features include:

- *Real-time monitoring*
- *Robust communication with other medical devices*
- *Reliable data storage and representation*
- *Medical data transfer*
- *Data security and accuracy*
- *Medical standards compliance*

Mindteck has provided end-to-end solutions for a variety of medical device manufacturers for over two decades. Its Medical Quality Management System meets ISO 13485:2003 and ISO 9001:2000 requirements, conforms to 21 CFR Part 11 and 21 CFR Part 820 standards, and conforms to the ISO 27001:2005 information security standard. “This is a testament to our responsiveness to the changing patient monitoring ecosystem and adoption of next generation services”, commented Mr. Simon Christopher, Mindteck’s Regional Vice President for Europe.

“We are very proud of this collaboration”, added Mr. Yusuf Lanewala, Chairman and Managing Director. “The device is user-friendly, highly robust, integrated and compliant. Harnessing our knowledge to bring about positive outcomes and accelerate innovation will remain a top priority for this important client.”
